1. About us
2. Md's Message
3. Our Vision
4. Our Approvals
5. Any other items that might be included in this pages

Welcome to **Safety Electrical Trading Co. W.L.L**, your trusted partner in high-quality electrical solutions. With **25 years of industry experience**, we specialize in manufacturing **LV electrical panels** such as **Main Distribution Boards (MDBs), Sub-Main Distribution Boards (SMDBs), Final DBs, APFC Capacitor Banks, ATS and Control Panels**, We are ASTA certified panel builders, approved by ADDC and AADC ensuring **safe and efficient power distribution** for residential, commercial, and industrial projects.

In addition to our **custom-built panels**, we supply a wide range of **Electrical Products and Building Materials** including **cables, wires, switchgear, earthing materials, networking items, GRP enclosures, metal enclosures, cable glands, lugs, engraving labels, ppr - pvc fittings items and much more**. We take pride in offering **premium-quality products** that meet the highest safety standards and regulatory requirements.

At **Safety Electrical**, we are committed to delivering **reliable, durable, and cost-effective electrical solutions** tailored to your project needs. Whether you are looking for **ready-stock enclosures, expert panel manufacturing, or electrical supplies**, we have got you covered.

With over 25 years of industry experience, [Your Company Name] envisions becoming the most trusted and innovative provider of **LV panel building, electrical supplies, and building material solutions** in the region. Our legacy is built on decades of delivering high-quality, reliable, and cost-effective products that support residential, commercial, and industrial projects. As we move forward, we remain committed to raising the standards in **low voltage panel manufacturing**, while offering a wide range of premium **electrical components** and durable **construction materials**. Backed by technical expertise, a customer-first approach, and a strong reputation earned over a quarter of a century, we aim to power progress with safety, integrity, and excellence.
