

Landing Page

1. The carousel should be updatable by us to add new updates and news.
- 2.

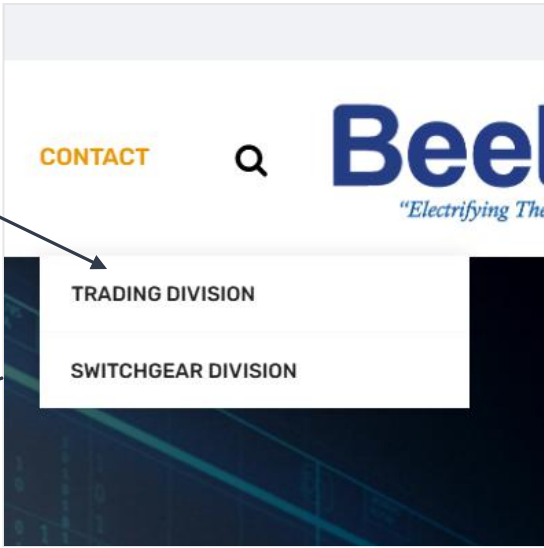

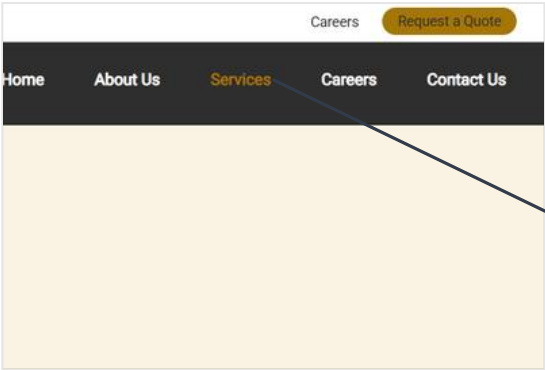

Add 2 clickable options for viewer to move to our switchgear and trading divisions. Reference: <https://www.brandsilcuae.com/index.php>

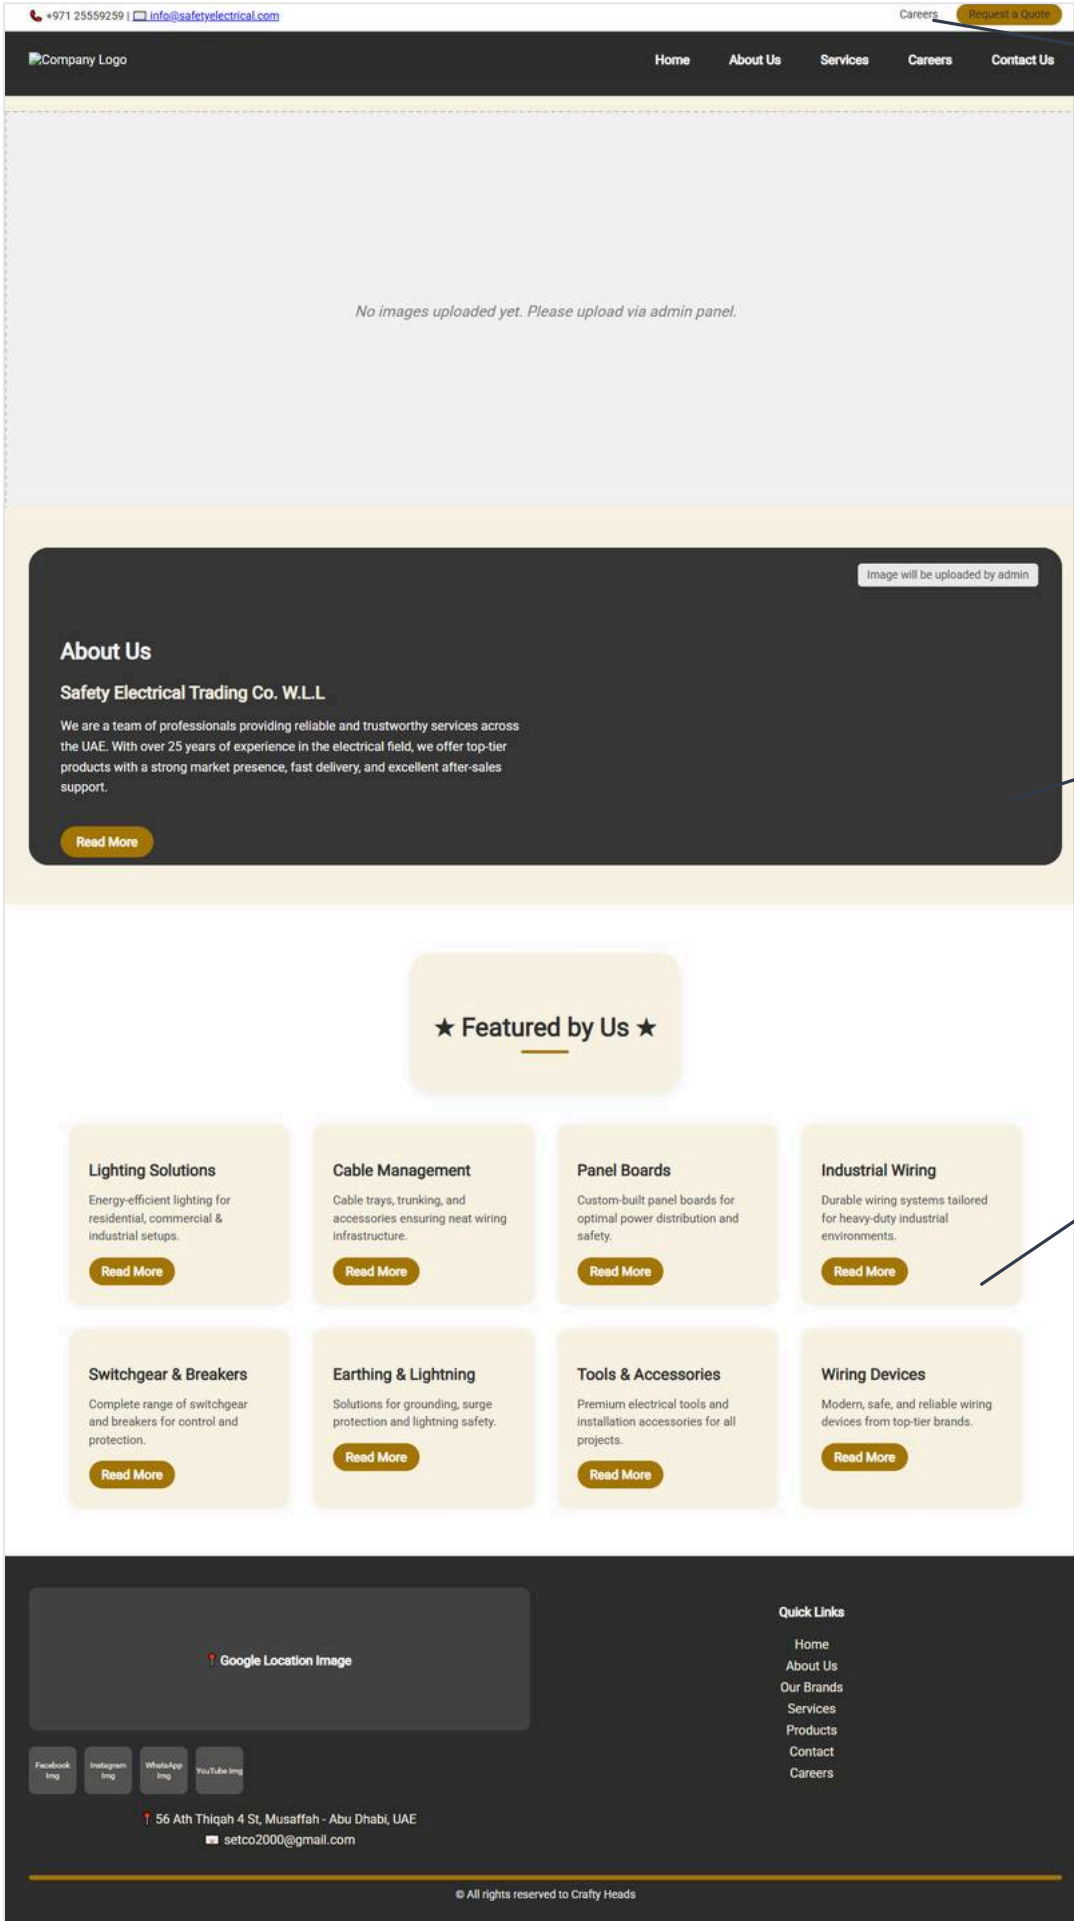

A similar type of section to update our news and new products information. Reference: <https://www.astonmartin.com/en/our-world/brand-stories>

Scrolling options:
Brands list: <https://drive.google.com/drive/folders/1gF1hUgrc42TgEzr3wJZotONDRt1PLXYI?usp=sharing>

In The Service section make a drop down section where Trading and Switchgear Division will be shown too and viewer can select to which division they want to go - similar function like this <-

On Header:

1. Remove the career option as another one is right below it.
2. Social media icons can also be integrated on right side of column.
3. Use different icons and hover animations for mobile and mail part. i.e: <https://www.brandsilcuae.com/index.php>

In Terms of colors, use black, white and the color of our logo consistently throughout the website.
Company logo color code: #9d7711

Remove this Featured by us part.
